WHAT IS MINI VINNIES?

Mini Vinnies is a social action group where primary school students put their values into action by advocating for particular issues. Students meet regularly, learn about social justice issues, consider how they can respond, raise awareness, source donations, garner support, and/or raise funds.

WHY START A MINI VINNIES?

By encouraging your students to get involved, you will be building their capacity to raise awareness about important issues, fight for social justice, and be proactive within their school and the wider community.

Your school would be joining hundreds of primary schools across Australia working alongside Vinnies to build up the next generation of social justice advocates and caring, compassionate members of society. It also allows your school to recognise and respond to the needs of your local community.

"Mini Vinnies made sure that others in our school are happy because we look out for people who are alone. I am a better person since joining Mini Vinnies".

"I think Mini Vinnies is about helping other people and making them feel loved and happy in a special way".

WHAT DO MINI VINNIES DO?

Mini Vinnies members, with the guidance of school staff, meet to discuss and raise awareness of social justice issues and organise ways to help others in need within their school community and beyond.

Mini Vinnies is also a great opportunity for students to reflect on the needs of those they want to help in their community, help shape compassion and understanding among their fellow students, and share their passion for raising awareness about social justice issues.
