

NAME:

Global Poverty

ACTIVITY 1

Read the 'Poverty on a Global Scale' (page 13) and 'Australian Aid' (page 15) section of the fact book and complete the following activities. Choose two of the countries mentioned in these sections. Using the CIA World Factbook <https://www.cia.gov/library/publications/the-world-factbook/> fill out the table below for your two chosen countries. You will also complete the same process for Australia.

	LIVEABILITY FACTORS			AUSTRALIA
PEOPLE AND SOCIETY	Life expectancy			
	Urban population %			
	Health expenditure			
	Unimproved drinking water source			
	Literacy (total population %)			
GEOGRAPHY	Natural Hazards			
	Environment – current issues			
ECONOMY	GDP per capita (PPP)			
	Unemployment rate			
	Population below poverty line			
ENERGY AND COMMUNICATIONS	Population without electricity			
	Internet users (% of population)			

NAME:

Global Poverty

ACTIVITY 1

1. Choose one liveability factor from each category (People and Society, Geography etc.) and explain why it is important for measuring liveability.
2. Look at the statistics for the first country you chose. Which liveability factors are very poor? Are there any that are positive?
3. Look at the statistics for the second country you chose. Which liveability factors are very poor? Are there any that are positive?
4. Do you see any patterns between the percentage of the population living below the poverty line and other liveability factors? If so, what is the pattern?
5. Were there any liveability factors that were poor for Australia?
